**BASE BID DESCRIPTION:**

Work consists of constructing a new restroom pavilion and picnic shelter at Johnsons Park. Major areas of construction include a concrete foundation, slab-on-grade, exterior masonry bearing walls enclosing the Men's and Women's toilet rooms, and a roof framing system of shop fabricated wood trusses with standing seam metal roof. The new restroom pavilion will be of seasonal use and not be in operation during the winter months. Plumbing will include under-slab piping for sanitary with required waste pipe venting and domestic water supply piping. The toilet rooms will have an exhaust venting system, with fresh air intakes to each toilet room. The electrical work will include a new electrical service to the pavilion building with power distribution and lighting.

CBDP concurs with the DBE participation for the above recommended Bid. Please refer to the approved Form DBD-014C attached to the bid recommendation.
